Great to provide various weekly activities with some elaborations. More details on the activity you would suggest would be better for the content!

Good try, Alfred!

Dear Kate,

Thank you for your letter. It's great to hear from you. I do different activities after school too. Let me share about what I usually do in a week.

I usually play the piano on Mondays. I am good at playing the piano. I usually have Maths lessons on Wednesdays and I usually have karate lessons on Saturdays. I do not have any activities on Tuesdays, Thursdays, Fridays and Sundays. I am interested in playing video games. Let's play PS5 at Shek Mun on 15th August. Hope to see you soon!

Best wishes,

Alfred
