### LOE 3A Unit 6 Time to eat (4F Task sheet) 33

Name: Hui Ka Wai Hailey ( 6 )

Class: J.3( D )

**Fact:** ( Watch the videos in PowerLesson LOE 3AU.6 Pre-lesson)

What food and drinks do you want to order at a fast-food shop? List 5 food items / drinks. Please write like the example.

e.g. two bottles of water/ a box of \_\_\_\_\_

1. a slice of pizza ✓
2. a scoop of ice cream ✓
3. a plate spaghetti ✓
4. two bowls of tomato soup ✓
5. three glasses of lemon tea ✓

**Feeling:**

How do you feel when you order the food in English at a fast-food shop by yourself? Why?

I feel happy when I order the food in English by myself

because I know how to speak English.

**Finding:**

Ask for the price

I use 'How much' to ask for the price of the food items.

When I order **one food item**, I need to say...

A: How much is \_\_\_\_\_ a can of cola? \$6.90

B: It's six \_\_\_\_\_ dollars and ninety \_\_\_\_\_ cents.

When I order **more than one food item**, I need to say...

A: How much \_\_\_\_\_ two slices of pizza? \$84.20

B: They are eighty \_\_\_\_\_ dollars and twenty \_\_\_\_\_ <sup>four</sup> cents.

**Future:**

1. Let's be a smart customer. What do you consider before ordering food / drinks at a fast-food shop?

**You can tick  more than one answer.**

the price

the taste

the kind of food

others: \_\_\_\_\_

2. If you can't eat all the food or drinks, what can you do?

I can ask the waiter or waitress to give me a box and put the food in it.

**What did I learn? Please tick the boxes**

- how to ask and answer the questions about the price of food and drinks
- how to be a smart shopper / customer
