

Thank you

Dear Miss Lo,

I'm writing to express my sincere gratitude for your support and generosity. You supported us when hard times came. You helped us when we had problems. You also always comfort us when desperate makes it way into our lives. I am truly appreciative of your commitment to make a difference.

I don't think you remember this, but the time you took care of me at the gradation camp has been nothing short of remarkable. I'm in awe of your support and caring deeds. I'm grateful for the time you helped me recover after the incident. Your genuine concern for me has provided guidance to your students to be a better person, especially me.

Although your teaching style is normal compared to others, you can always find a way to encourage us to speak up. You make sure that we stay on track and follow our goals. Your support and dedication have been a lifesaver.

I'm profoundly thankful for your encouragement. Please accept my genuine and heartfelt thanks. You're a true diamond in the rough and I'm honored to be your pupil for the past year. Have a wonderful life!

Yours truly,
Shaylee
