

Thank you

Dear Miss Au,

Thank you for teaching me for two years. Not just knowledge, you also taught me how to be a good student. You are my favorite teacher. You are my English and Religious Studies teacher.

I think you are a caring, generous and kind teacher who always forgive me. You gave me many chances when I was in Primary One. I was thankful for your actions.

In English lessons, you always encouraged us to be hardworking and never give up. When we did wrong things and were naughty, you gave us a chance to learn right from wrong. Therefore, I thought that was encouraging. We had a lot of competitions like Kahoot, Wordwall, etc. They made us as happy as larks. You gave a lot of fun to us.

You are encouraging too! I remembered that once you said if we lost in a competition, you would ask us to improve ourselves and said, 'Failure is the key to success.' You always designed a lot of activities for us, for example, guessing words and question games to let the lesson become fun and interesting.

At last, I want to say 'Thank you for teaching me' again. You've taught me a lot of valuable knowledge. I promise that I will be a helpful member of the community. I hope I can meet you again when I grow up. I wish you good luck in your teaching career. Thank you for spending time to read this letter.

With gratitude,
Long Yin
